

Mississippi

George Dale, Commissioner of Insurance and State Fire Marshal
<http://www.doi.state.ms.us>

Department of Insurance

Annual Report

January 1, 2002 - December 31, 2002

I am pleased to submit the annual report of the Mississippi Department of Insurance.

This report has been compiled from the records of approximately 1,800 insurance companies licensed or qualified to conduct the business of insurance within the State of Mississippi for the period January 1, 2002, to December 31, 2002.

This report includes the financial summaries, underwriting experiences and recapitulation of the insurance business written within the State of Mississippi. This report also includes licenses issued, taxes, fees and assessments collected from the insurance industry, and a summary of the duties and activities of the Department. The Commissioner is charged with ensuring that all laws relating to matters under his supervision are faithfully executed.

Since being elected as Commissioner in 1975, my goal has been to make the Department more efficient and responsive to the needs of the general public while encouraging a fair and competitive market for insurance.

My staff and I are very proud to serve the people of Mississippi.

Respectfully submitted,

A handwritten signature in black ink that reads "George Dale".

George Dale
Commissioner of Insurance of the State of Mississippi

Introduction

The mission of the Mississippi Department of Insurance is to impartially and fairly enforce the laws and regulations enumerated in Mississippi Code Ann. § 83-1-1 et seq., thereby creating a competitive marketplace for the sale of insurance products and services while providing the State's citizens with the maximum amount of consumer protection. Our goal is to create the highest degree of economic security, quality of life, public safety and fire protection for the State's citizens at the lowest possible cost. This is accomplished through a variety of initiatives, including the regulation of the insurance and liquefied compressed gas industries and development of statewide fire services. We are committed to providing assistance to Mississippians in an efficient and professional manner.

The following is a review of the activities of the Department, which continue to expand in many areas as we seek to accomplish our mission of creating an affordable insurance market for the state's residents. The chief performance objectives used to determine whether the Department is successfully carrying out its mission include independent statistical surveys of the number of people having access to insurance and related indicators of the degree of insurance affordability in the state.

In 2002, there were \$6.8 billion in direct premiums written in Mississippi, representing 9.7 percent of the Gross State Product of \$70 billion. The Department licenses and monitors the activities of more than 53,000 individuals who hold over 64,000 licenses. The Department monitors the solvency of approximately 1,800 companies doing business in Mississippi, and consequently functions as a first line of defense against financial catastrophe resulting from the potential collapse of insurance companies.

The Department has a well-deserved reputation as being one of the hardest-working and most efficient agencies in state government. During 2002, the Department returned \$9,257,843 in revenues gained from premium taxes and privilege license fees to the state's General Fund.

Structure of the Mississippi Department of Insurance

The responsibilities of the Commissioner are set forth in greater detail, as follows:

I. Executive

- A. Commissioner of Insurance
- B. Deputy Commissioner of Insurance

II. Regulatory Activities

- A. Legal and Investigative Division
- B. Statutory Compliance / Life & Health Actuarial Division
- C. Examination Division
- D. Licensing Division
- E. Property & Casualty Rating Division
- F. Consumer Services Division

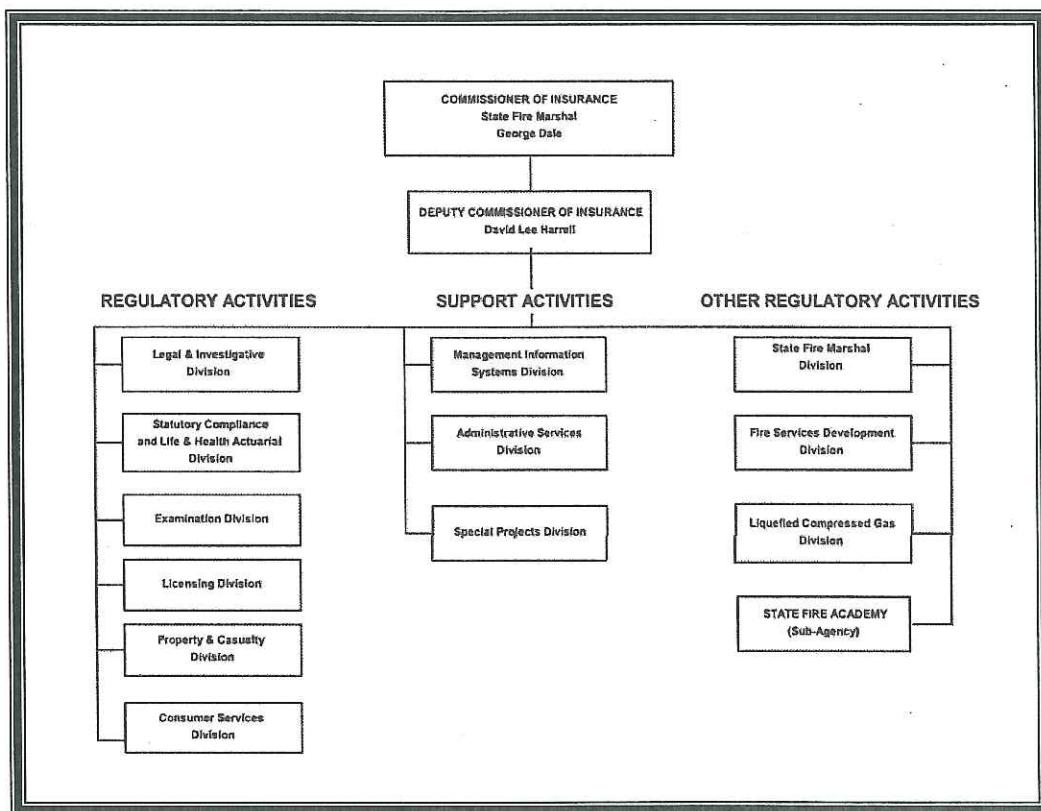

III. Support Activities

- A. Management Information Systems Division
- B. Administrative Services Division
- C. Special Projects Division

IV. Other Regulatory Activities

- A. State Fire Marshal Division
- B. Fire Services Development Division
- C. Liquefied Compressed Gas Division
- D. State Fire Academy (sub-agency)

Mississippi Department of Insurance Divisional Chart

Commissioner of Insurance

The Commissioner of Insurance is elected to a four-year term and may be re-elected. Miss. Code Ann., § 83-1-1 et seq. The Commissioner is charged with execution of all laws relative to insurance companies, corporations, associations and fraternal orders, their agents and adjusters. The Commissioner licenses and regulates the practices of all insurance companies, agents, burial associations, fraternal societies, bail bondsmen, and other entities engaged in the business of insurance. The Commissioner, as State Fire Marshal, acting through the State Chief Deputy Fire Marshal, investigates all fires called to his attention occurring in the state, licenses manufacturers, installers/transporters and dealers of mobile homes and regulates their practices. The Commissioner, through the State Fire Marshal Division, administers the Mississippi Fire Prevention Code. The Commissioner, through the Fire Service Development Division, establishes guidelines, use and accountability for municipal and county fire protection funds. The Commissioner administers the Liquefied Compressed Gas Equipment Law (Miss. Code Ann. § 75-57-1) and enforces the National Fire Protection Association Code, Books 54 and 58. The Commissioner encourages and supports all employees to attain and maintain professional designations in their career fields.

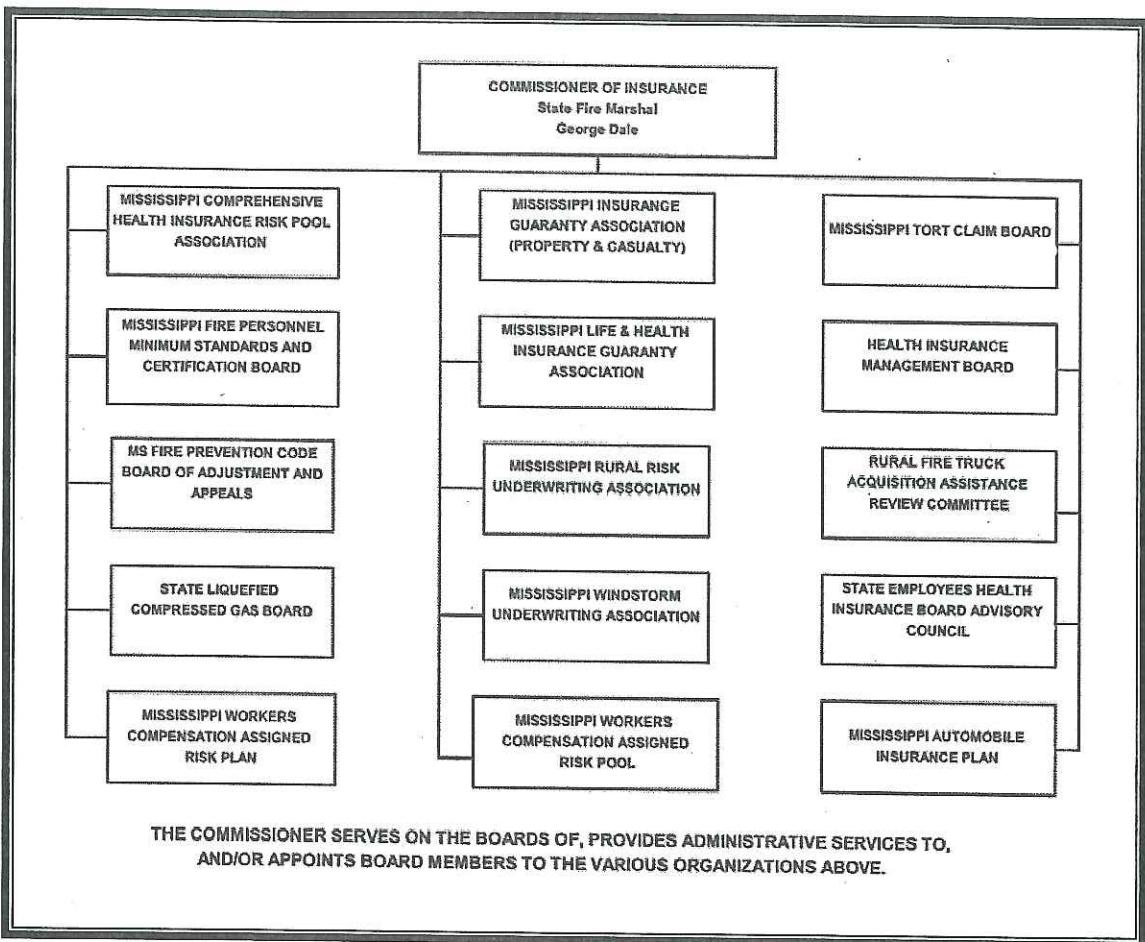

The Mississippi Surplus Lines Association (MSLA) is a non-profit association created to provide a stamping procedure for all eligible non-admitted/surplus lines insurance policies sold on risks to ensure the proper payment of premium taxes to the State of Mississippi. This association, under the direction of the Commissioner, has no separate regulatory powers. MSLA enables the Department to ensure that proper taxes are paid to the State of Mississippi. As a result of this law, the State receives additional taxes that were not received in previous years. Miss. Code Ann. § 83-21-17 et seq.

In addition to his regular duties, Commissioner Dale participates in the following:

- Health Insurance Management Board – Commissioner Dale serves on this board, which oversees the activities of the statewide Children's Health Insurance Program, established under Title XXI of the Social Security Act to provide child health care assistance to targeted, uninsured, low-income children. Miss. Code Ann. § 41-86-1 et seq.
- Mississippi Automobile Insurance Plan – Commissioner Dale or his designee attends meetings of the Mississippi Automobile Insurance Plan, which was created to provide automobile insurance coverage to eligible individuals who are unable to obtain such coverage through the voluntary market. Miss. Code Ann. § 63-15-65.

- Mississippi Comprehensive Health Insurance Risk Pool Association – Commissioner Dale appoints four members to this nine-member board, which provides a mechanism to make health and accident insurance coverage available to those citizens of Mississippi who, because of health conditions, cannot secure such coverage. Miss. Code Ann. δ 83-9-211.
- Mississippi Fire Personnel Minimum Standards and Certification Board – Commissioner Dale serves as an ex-officio member of this board, and appoints fifteen members to this seventeen-member board. The Director of the State Fire Academy also serves as an ex-officio member of the board. Miss. Code Ann. δ 45-11-251.
- Mississippi Fire Prevention Code Board of Adjustments and Appeals – Commissioner Dale appoints all five members to this board per the Standard Fire Prevention Code as adopted by Miss. Code Ann. δ 45-11-103.
- Mississippi Insurance Guaranty Association (Property and Casualty) – Commissioner Dale approves the members of this board, which consists of not less than five nor more than nine members. The Association assists in the detection and prevention of insurer insolvencies and provides a mechanism for the payment of covered claims for insurance policies written by licensed property and casualty insurance companies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of insurer insolvencies. Miss. Code Ann. δ 83-23-101 et seq.
- Mississippi Life & Health Insurance Guaranty Association - Commissioner Dale approves the members of this board, which consists of not less than five nor more than nine members. The Association assists in the detection and prevention of insurer insolvencies and provides a mechanism for the payment of covered claims for insurance policies written by licensed life and health insurance companies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of insurer insolvencies. Miss. Code Ann. δ 83-23-201 et seq.
- Mississippi Tort Claims Board – Commissioner Dale serves on this board, which provides coverage to governmental entities for every risk for which the board determines the respective governmental entities to be liable in the event of a claim or suit for injuries. Miss. Code Ann. δ 11-46-18.
- Mississippi Rural Risk Underwriting Association – Commissioner Dale approves the plan of operation of this association, which is charged with providing essential property insurance coverage to eligible individuals who have been unable to secure such insurance through the voluntary market. Miss. Code Ann. δ 83-38-1 et seq.

- Mississippi Windstorm Underwriting Association - Commissioner Dale approves the plan of operation of this board and appoints three members to the board, which coordinates the availability of wind and hail coverage in the six Mississippi Coastal counties (Hancock, Harrison, Jackson, Pearl River, Stone, and George). Additionally, a designee of the Commissioner attends each meeting of the Association. Miss. Code Ann. § 83-34-1 et seq.
- Mississippi Workers Compensation Assigned Risk Plan / Mississippi Workers Compensation Assigned Risk Pool – Commissioner Dale is responsible for administration of the Mississippi Workers Compensation Assigned Risk Plan, and its reinsurance mechanism, the Mississippi Workers Compensation Assigned Risk Pool, as stipulated in Miss. Code Ann. § 71-3-111. The Plan and Pool are organized to provide coverage to eligible employers who seek workers compensation coverage and are unable to obtain such coverage through the voluntary market.
- Rural Fire Truck Acquisition Assistance Review Committee – Commissioner Dale chairs this committee, which is responsible for reviewing all applications for compliance in regard to established guidelines for applicants to the Rural Fire Truck Acquisition Assistance Program as outlined in Miss. Code Ann. § 17-23-1.
- State Employees Health Insurance Board Advisory Council – Commissioner Dale serves on this council, which is responsible for advising the State and School Employees Health Insurance Management Board concerning the design of a state insurance plan for state employees.
Miss. Code Ann. § 25-15-9.
- State Liquefied Compressed Gas Board – Commissioner Dale oversees this board, which is vested with the power to regulate matters pertaining to liquefied compressed gas in Mississippi. Commissioner Dale appoints seven members to this board, including one from each of Mississippi's five congressional districts, as well as two at-large members.
Miss. Code Ann. § 75-57-1 et seq.

In 1975, George Dale became the youngest Insurance Commissioner elected in Mississippi history. In his seventh term, Commissioner Dale is the longest-serving insurance commissioner in the United States. He is a native of Jefferson Davis County and a graduate of Prentiss public schools. He attended Pearl River Junior College and graduated from Mississippi College with bachelor's and master's degrees.

Commissioner Dale was a teacher, coach, and school administrator in the Moss Point public school system prior to entering state government in 1972. He is active in volunteer work for a number of charities and organizations, and serves on the Board of Trustees of Mississippi College. Commissioner Dale and his wife, the former Yvette Bosarge of Moss Point, have five children. They are members of Northside Baptist Church in Clinton where he serves as a deacon.

Deputy Commissioner of Insurance

On March 1, 2001, Commissioner Dale appointed David Lee Harrell as Deputy Commissioner. The Deputy Commissioner is responsible for coordinating the policymaking and regulatory activities of the Department. Deputy Commissioner Harrell, who joined the Department in 1992 as a Special Assistant Attorney General, holds a B.S. degree in Criminal Justice (1988) from the University of Southern Mississippi and a J.D. degree from Mississippi College School of Law (1991).

All divisions of the Department report directly to the Deputy Commissioner. The Deputy Commissioner supervises all insurers the Commissioner has placed into rehabilitation or liquidation. The Deputy is charged with working with the Legislature on all legislative issues, including budgeting and proposed new legislation.

Pursuant to Miss. Code Ann. § 83-1-7, the Deputy Commissioner shall have the power to act as Commissioner during his absence or inability to act, and shall perform any and all duties of the Commissioner.

Deputy Commissioner Lee Harrell

Regulatory Activities

Legal and Investigative Division

Mark Haire, Director

The Division's legal staff is responsible for consulting with the Commissioner and Deputy Commissioner, as well as technical and professional staff, to insure compliance with state law and Department rules and regulations. The legal staff also represents the Commissioner in various proceedings regarding receiverships, liquidations and insolvencies of insurance companies and disciplinary actions. The legal staff serves as counsel for the Commissioner of Insurance, State Fire Marshal Division, Liquefied Compressed Gas Division, and the Mississippi State Fire Academy.

The Division's investigative staff is responsible for reviewing alleged improper activities of agents and/or companies. The investigative staff collects, coordinates

and presents evidence to the legal staff for use in administrative hearings and to law enforcement agencies for the prosecution of criminal activities. The investigative staff consults with staff attorneys and Special Assistant Attorneys General assigned to the Department to develop rules, regulations and guidelines to protect the consumer. Additionally, the investigative staff is responsible for coordinating the review of insurance license applications of individuals with criminal records.

During 2002, the Legal and Investigative Division conducted over 50 investigations of agents and companies. The legal staff also was involved in conducting several market conduct examinations. These examinations have emerged as a very effective tool in allowing the Department to detect and address insurer misconduct.

Fines collected by the Legal Division for 2002 totaled \$559,353.79.

The licenses of the following insurance companies were suspended during 2002:

- Colonial Casualty Insurance Company (1/02)
- Lawrenceville Property & Casualty Company (2/02)
- Newark Insurance Company (3/02)
- First Continental Life & Accident Insurance Company (4/02)

- Louisiana Pest Control Insurance Company (4/02) (Reinstated 5/02)
- Legion Insurance Company (4/02)
- Villanova Insurance Company (4/02)
- IGF Insurance Company (4/02)
- Northwestern National Casualty Company (5/02)
- NN Insurance Company (5/02)
- Highlands Insurance Company (5/02)
- Highlands Underwriters Insurance Company (5/02)
- Millers Insurance Company (5/02)
- Consumers Life Insurance Company (5/02) (Reinstated 12/02)
- London Pacific Life (8/02)
- Patterson Insurance Company (9/02)
- Freemont Indemnity Company (9/02)
- Pennsylvania Casualty Company (9/02)
- Equity Mutual Insurance Company (12/02)
- Casualty Reciprocal Exchange Subscribers (12/02)

The licenses of the following insurance companies were revoked during 2002:

- Resource Bonding Inc. (5/02)
- Pennsylvania Casualty Company (11/02)

Statutory Compliance / Life & Health Actuarial Division

The Statutory Compliance Division is responsible for review of the corporate changes of foreign insurance companies, health maintenance organizations (HMOs), societies, and associations doing business in Mississippi. The corporate changes include: name/address, agent for service of legal process, demutualizations, redomestications, assumptions and mergers. Dissemination of corporate information on insurers to the general public, attorneys and other state agencies occurs daily.

The Division reviews foreign insurance companies to ensure corporate compliance and reviews alien insurance companies to ensure both corporate compliance and financial solvency. Compliant companies are added to the Department's List of Eligible Non-Admitted Insurers.

The Division also is responsible for maintaining computer records pertaining to licensed insurers and eligible non-admitted insurers, and for maintaining historical data concerning all insurers who have ever been licensed by the Department. The listing of licensed companies and the Eligible Non-Admitted Insurers have long been included at the Department's website.

Domestic insurance company formations, acquisitions, dissolutions and other corporate documents are analyzed in partnership with the Legal and Examination Divisions. Recommendations for action are made to the Commissioner and Deputy Commissioner.

The Life & Health Actuarial Division is responsible for reviewing and analyzing individual/group forms and rates for life, health, and accident insurance policies in Mississippi. This ensures that such policies are readable and fair, and that premiums are calculated, in accordance with state law.

In 2002, the Department licensed one new Mississippi domestic company. This brings to 65 the total number of Mississippi domestic insurance companies, HMOs, associations & societies (excluding burial associations). As of December 31, 2002, a total number of 1,785 of all types of insurance companies and HMOs were licensed to do business in the state.

During 2002, the Life and Health Actuarial Division reviewed and processed 11,807 form filings. On March 22, 2002, the Division began accepting automated form filings through the NAIC System for Electronic Rate and Form Filing (SERFF). In 2002, the Division electronically received, reviewed and archived 374 form filings.

Nancy Cross, Director

Examination Division

Tressa Walker Guynes, Director

The Examination Division is responsible for the regulation of companies subject to Mississippi insurance laws and regulations with respect to compliance and solvency issues. This is accomplished through the activities of surveillance, monitoring, analysis and examinations. These activities are performed in accordance with nationally recognized standards promulgated by the National Association of Insurance Commissioners (NAIC) and other regulatory and directly related professional organizations. Through these procedures, the Division provides technical assistance and factual information as a basis for determining the regulatory action to be taken by the Department. This Division also is responsible for maintaining the Department's accreditation status with the NAIC Financial Regulation Standards and Accreditation

Program.

A goal of the Division is to successfully carry out its duties, which have been significantly broadened by the NAIC Financial Regulation Standards and Accreditation Program and by the passage of laws and regulations promoting stricter financial and non-financial regulation. During 2002, the Division's staff continued to attain and maintain professional designations in the fields of financial examination and market conduct examination.

Non-financial regulation (market conduct) is a program of surveillance to ensure fair treatment of policyholders. The market conduct activities performed include examinations, producer licensing, policy form approval, rate regulation, compliance activities, consumer education, cost containment and consumer complaint processing. These activities are evaluated as problem indicators for the protection of consumers. Financial regulation encompasses company operations directly affecting the balance sheet, whereas market conduct regulation deals with problems on a local, more geographically defined area. Difficulties found in one area may spread to other areas before they are reflected on a company's balance sheet.

Licensing Division

The Licensing Division is responsible for licensing insurance companies, producers and business entities. The Division monitors the compliance of pre-licensing and continuing education requirements as well as other licensing laws or regulations. The Division's primary goals are to provide prompt and efficient customer service, attain uniformity with other states and comply with the requirements of the Gramm-Leach-Bliley Act.

To qualify as a licensed insurance producer, the person must first complete a pre-licensing study course relevant to the field of insurance he anticipates entering and then pass specific examinations covering those topics. An application for license must be filed with the Division, accompanied by proper payment of fees. When this process is completed and upon proof that the applicant has passed the examination, the applicant is licensed.

The Division reports the following accomplishments for 2002:

- Developed modified producer application, business entity applications and procedures for implementation of new licensing laws.
- Participated in the National Association of Insurance Commissioners' Producer Database (PDB), a national repository of licensing and appointment information. This project provides daily monitoring of the licensing records of producers, business entities and companies.
- Conducted analysis of Producer Information Network (PIN), an electronic processing of appointments and terminations.
- Modified producer, business entity and company forms and renewals on the Department's website, <http://www.doi.state.ms.us>.
- Licenses issued: Producer - 67,491; Business Entities - 3,849; Companies - 1,873; Company Amendments - 110
- Producer Company: Appointments issued - 248,221
- Producer Company: Appointments cancelled - 31,452
- Producer Certifications issued - 8,645
- Continuing Education courses evaluated - 1,320

Bea Smith, Director

Property & Casualty Rating Division

Nellie Mitchell, Director

The primary focus of the Property and Casualty Rating Division is a comprehensive review of rates, rules and forms relating to all property and casualty policies sold by licensed insurance companies in the state. This review is statutorily mandated, and regulations for procedures to be followed by the companies are contained in Miss. Code Ann. § 83-2-1 et. seq.

The Division operates under a prior approval law, which requires all property and casualty insurance companies and rate service organizations to submit rate and form filings for review and approval prior to being sold in the state. The law has a "deemer" provision, requiring the Division to act on all filings within 30 days of receipt. After a filing is reviewed by

Division staff or consulting actuary, the Commissioner is provided a summary of findings which recommends approval or disapproval.

The Division's staff regularly answers technical insurance questions from the public and handles complaints concerning coverage, rating issues, and other insurance problems. As designees of the Commissioner, staff members attend meetings of the Mississippi Rural Risk Underwriting Association, Mississippi Windstorm Underwriting Association, and the Mississippi Workers Compensation Assigned Risk Plan. A representative of the Rating Division serves on the Technical and Governing Committees of the Mississippi Automobile Insurance Plan.

During 2002, the Division fully implemented the System for Electronic Rate and Form Filing (SERFF), accepting filings in all property and casualty lines and other specialty products regulated by the Division. The SERFF system operates through the National Association of Insurance Commissioners and is designed to expedite the handling of filings in the regulatory process.

Consumer Services Division

The Consumer Services Division is responsible for mediating and resolving conflicts between the insurance industry and Mississippi residents. The Division provides information to the public, assisting consumers in all phases of their insurance business. The Division receives complaints from and interviews policyholders who feel they have not received fair consideration by insurance companies or agents, and takes corrective action against such offenders when appropriate.

The primary responsibility of the Division is to intervene and resolve disputes between insurance companies and insureds regarding claims and/or refunds. There are more than 30 lines of insurance written in Mississippi. Over 22,000 requests for assistance were received in 2002, resulting in excess of \$3 million being refunded to consumers.

Cathy Vernon, Director

The Division also reviews insurance policies for residents, a service for which demand is rapidly increasing. No recommendations are made as to whether coverage is adequate or suitable; the aim is to help insureds better understand their policies. The Division's educational efforts include presentations and training sessions, as well as providing written materials on a variety of topics, including how to shop for insurance, record keeping and what to do when you have a claim.

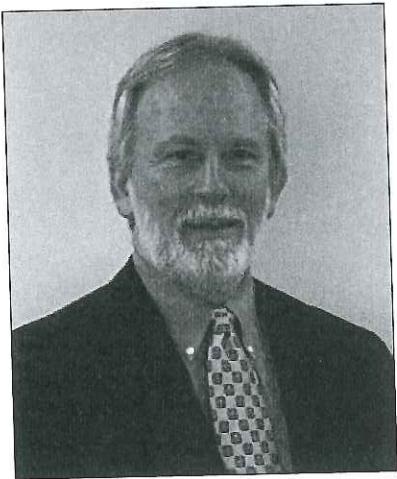

Enhancements of the Complaints Database System enable the Division's staff to capture complaint and claims data. A target date of 2005 has been established to capture enough information to identify trends and problem areas relating to claims and/or marketing.

Proactive attempts are being made to reduce complaints by informing and educating citizens on insurance-related matters, ultimately resulting in more sophisticated purchases.

An on-going process of cross-training claims personnel enables temporary reassignment of duties during the aftermath of storms or other catastrophic situations. Staff education and procedure modernization are ongoing; however, the ultimate objective remains prompt and efficient service.

Support Activities

Management Information Systems Division

Jerry Barnes, Director

The Management Information Systems Division is responsible for serving as a strategic planning partner and proactive participant with the other divisions of the Department, other state agencies and other state's Insurance Commissioners (through the National Association of Insurance Commissioners (NAIC)). Also, the MIS Division partners and participates with the Fire Marshal/Fire Services and L.C. Gas Divisions. This ensures quality and timely insurance, fire protection, and liquefied compressed gas regulation for the citizens of Mississippi. This is accomplished by continuously evaluating and using the most appropriate and cost effective technological hardware, software and processes that can be implemented. The Division continuously develops and uses its knowledge of technology in support of this mission.

The goals and objectives of the Division are to provide technological support to the Department to accomplish its goals and objectives stated in this document, particularly those relating to the NAIC's Uniform Regulation Through Technology (URTT) initiatives. These are a number of processes being undertaken by the states to comply with the Gramm-Leach-Bliley Act. This federal legislation requires the states to adopt significant changes in their state laws, regulations and practices to accomplish standardization and uniformity with their regulatory business processes.

The Division, in support of the Department and its efforts to conform and comply with the URTT, continued to support the following initiatives during 2002:

- The submission and audit checking of appropriate data to the NAIC to populate a database of all insurance licenses and appointments issued by the Department. This information is combined with similar data provided by all other 54 insurance regulating authorities of the other states and US territories. All regulators have access to this information to ensure maximum protection for the public from suspicious entities and their activities.
- Enhancements of the ability for insurance companies to submit electronically their rate and form filings for all lines of insurance. This allows for significant reduction in paper and its attendant issues of tracking, filing and retrieving, replacing this

manual effort with one that is managed through paperless automation and speeding the process for final disposition of the filing.

- Systems planning for automated appointments and terminations of non-resident licenses submitted by companies through the NAIC.
- Quarterly electronic submission to the NAIC of closed consumer complaints for all lines of insurance. These complaints against producers and firms are maintained in a national database for use in market conduct examinations to compare complaint experience versus premium volume and to compare against other insurance companies.
- Additional improved provision for accessing data from the NAIC databases for use in various reports for the Commissioner, i.e., Commissioners Annual Report, Market Share Reports, and Assessments.
- Major enhancements to the Fire Investigations Reporting System. This application allows the Fire Marshal Division's field investigators to enter cases in the field and submit them to the central office.

Other significant activities of the MIS Division are:

- Upgrade of equipment available and used by the staff of the Department. This includes the replacement of or upgrade to seven servers, 100 desktops, 31 laptops and twelve networked printers. In addition, due to the extensive training conducted by various divisions of the Department, the Division acquired another portable projection device. Now, two divisions (for example, the Fire Marshal and Fire Services divisions) can conduct training of their constituencies simultaneously in different parts of the state.
- Maintenance of a CISCO 525 Pix Firewall to prevent unauthorized access to the Department's network.
- Maintenance of a Citrix Server to allow Department staff working remote to the agency to have appropriate access to the Department's network, software, applications and data as if they were on-site working with these tools.
- Upgrade of the Department's operating systems and primary software, upgrading and maintaining applications, and training users in appropriate and efficient operation of these systems.
- Maintenance of GroupWise WebAccess to allow the Department's staff to access their e-mail from any Internet connection anywhere in the world.

- Maintenance of a WebShield Server to scan all incoming/outgoing e-mail for malicious viruses to prevent infection of Department computers or servers.
- Maintenance of a wireless network to allow the Department's laptop users to connect to the Department's network from anywhere in the Department's physical areas of the Woolfolk Building.
- Maintenance of a mobile and wireless training lab for the Department's staff.
- Utilization of the ITS-contracted MindLeaders Web-based training courses as well as ElementK Web-based training courses available through NAIC. This enables the Department's staff to maintain existing and acquire new skills.

Administrative Services Division

The Administrative Services Division is responsible for providing support to the agency in the most professional and efficient manner possible, enabling the Department to carry out its mission at the lowest possible cost to the State's taxpayers.

The Division continues to perform in an exemplary manner developing, implementing, and enhancing administrative and budgetary support to the agency by providing a broad array of services.

The Accounting and Finance area is responsible for the financial management and record keeping of the agency, including purchasing, contract administration, inventory control, accounts payable, payroll, travel, and preparation of the agency's operating budget. This area processes, through the Agency Receipting System, 90 percent of the special funds obtained to maintain the Department's annual budget.

The Human Resources area facilitates employee recruitment, staff development, staff retention, performance appraisal, employee benefits, compensation and assistance. The Department has approximately 117 employees and thirteen divisions with employees assigned all over the state. Advanced planning and budgeting contributes to more work being accomplished by dedicated employees, thereby creating more efficient operations. Devoted long-term employees and continuous training keep the agency moving ahead professionally, maintaining productivity and providing quality services to the citizens of Mississippi.

This division also performs daily office operation support. These daily functions include: centralized document processing, mail services, vehicle management, supply

Yvonne Shotts, Director

management, records management, receptionist services, and communications services including telephone, telefax, and photocopying.

Special Projects Division

Shep Montgomery, Director

The Special Projects Division is responsible for coordinating a public information program to publicize and advance Department objectives and consumer-related issues. The Division's goals include achieving full use of technology, including the Internet, to maximize the publicity of the Department's achievements and goals and to automate, as far as is practicable, all information distribution functions of all Divisions in order to increase the productivity of the Department's staff.

The Division also maintains a wide range of consumer brochures, including:

- Annuities: What You Should Know
- Automobile Insurance Consumers' Guide
- Guaranty Associations: How They Protect You
- Health Insurance Shopper's Guide
- Homeowner's Insurance Consumer's Guide
- Insurance Agents Licensing Guide
- Insurance Consumer Services Guide
- Insurance Consumers' Hurricane Checklist
- Life Insurance Shopper's Guide
- MID and You: Fighting Insurance Fraud
- MID Auto/Home Rate Comparison Guide (updated annually)
- Mississippi Shoppers Guide to Medicare Supplement Insurance (updated annually)
- Viatical Settlement Facts

Brochures may be obtained by contacting the Department's Consumer Services Division at 601 359 2453 or 800 562 2957 (statewide toll-free). These brochures may be accessed on the Internet (Adobe Acrobat Reader required) at <http://www.doi.state.ms.us/publist.html>. In addition to media-related projects, the Division is responsible for processing public records requests and serves as coordinator of the Department's continuing education program, through which staff review and approve continuing education manuals and courses for licensed agents.

Other Regulatory Activities

State Fire Marshal Division

Millard Mackey, State Chief Deputy Fire Marshal

The State Fire Marshal Division is responsible for fostering, promoting and developing ways and means of protecting life and property from fire and related perils through direct action and coordination with Mississippi fire and law enforcement services.

According to Miss. Code Ann. § 45-11-1 et seq., the Commissioner of Insurance is also the State Fire Marshal and appoints the State Chief Deputy Fire Marshal. On January 1, 1991, Commissioner George Dale appointed Millard D. Mackey, CFI, as State Chief Deputy Fire Marshal.

The Division has the primary duty of investigating the origin of fires occurring within Mississippi when requested by the Chief of the Fire Department or other local law enforcement authority. It is the duty of the State Fire Marshal to investigate any fire called to his attention by any party in interest, whenever in his judgment, there is sufficient evidence or

circumstances indicating that such fire may be of an incendiary origin.

The Division is charged with the enforcement of the Mississippi Fire Prevention Code,

Miss. Code Ann. § 45-11-101 et seq., regarding the inspection of all buildings owned by the state or state agencies, places of public assembly and sprinkler systems of high-rise buildings. The Division is charged with regulating Factory-Built Homes, Miss. Code Ann. § 75-49-1 et seq., which requires the licensing of dealers, manufacturers, and independent contracted installer/transporters, and also serves as the State Administrative Agency (SAA) for the U.S. Department of Housing and Urban Development (HUD).

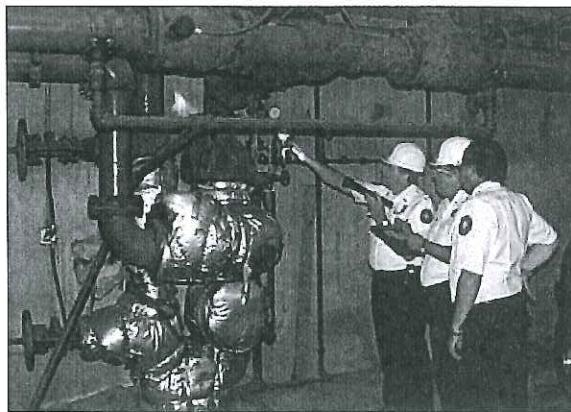

The Division's functional areas are Fire Investigations, Fire Code Enforcement, and the regulation of Factory-Built Homes.

The Division investigated 733 fires in FY2002.

The activities of the Division during Fiscal Year 2002 (July 1, 2001 through June 30, 2002) included the following:

1.	<u>Fire Investigations</u>	
	Total Fires Investigated	733
(a)	Incendiary	351
(b)	Accidental	279
(c)	Undetermined	101
	Fire Death Investigations	86
	Arrest Rate	31%
	Estimated Property Losses	\$338,882,727
	Insurance Coverage on Buildings and Contents	\$ 1,990,708,159
2.	<u>Mississippi Fire Prevention Code</u>	
	Total Fire Safety Inspections by staff	7,538
(a)	Correctional Facilities	478
(b)	State and County Facilities	140
(c)	Child Care Facilities	93
(d)	Dockside Gaming Facilities	12
(e)	Certificates of Occupancy Issued	1
(f)	Number of inspections conducted by Special & Local Inspectors	7,004

(d)	Number of Manufactured Housing Units Inspected on Dealer Lots	9,843

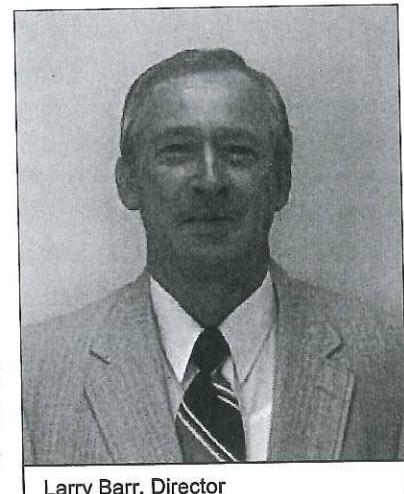

The Fire Prevention Code Division completed 7,538 inspections in FY2002.

The Division provides housing and clerical support for the Fire Personnel Minimum Standards and Certification Board. The Board, created by the 1992 Legislature, establishes training standards for career firefighters. The Board consists of 17 members appointed by the Commissioner upon recommendations of state fire service organizations. The Board issued a total of 241 certificates for all classifications of fire personnel during FY 2002.

Fire Services Development Division

The Division of Fire Services was created as a separate division of the Mississippi Department of Insurance during the 1988 Legislative session to perform two major functions:

- Promulgate policy, rules and regulations pursuant to municipalities and counties receiving state fire funds generated by Miss. Code Ann. § 83-1-37 and 83-1-39 that provide accountability.
- Develop and implement programs to enhance and accelerate the growth of fire protection services and capabilities throughout the state, particularly in the rural areas.

Larry Barr, Director

In 1995, the Division was given the additional duty of developing guidelines and the overall administration of the Rural Fire Truck Acquisition Assistance Program (RFTAAP). This legislation provides matching fund grants of up to \$50,000 for fire truck purchases by counties and municipalities. These Class A fire trucks are used to provide fire protection to the unincorporated areas of our state and to enhance the probability of lowering Public Protection Class (PPC) ratings. The lowering of PPC rates results in lower insurance rates for the consumer.

Since the passage of RFTAAP, the Division has processed and approved 374 applications for new fire trucks. The Legislature has appropriated \$18.7 million to fund these applications at the maximum level of \$50,000 per truck. During calendar year 2002, \$1.2 million was disbursed for 23 fire trucks, bringing the total amount of state funding disbursements for this program since its inception to \$9,206,727.43 for 185 new fire trucks. An estimated one out of two Mississippians receives benefits from the fire protection provided by these new fire trucks. These new fire trucks have contributed directly to the addition of 30 newly-formed fire protection rating/grading districts, increasing the total number of these rated areas in the state to 100.

Over the past decade the Division has been working on developing new techniques for collecting and processing county and municipal fire funding compliance documents. The required Municipal and County Fire Funding Compliance forms were updated in 2002 so that all information from these documents is entered into a master database. These enhancements provide a greater degree of accurate accountability for the average \$12 million disbursed to approximately 297 municipalities and 82 counties each year. The Division, working with the Department's Management Information Systems Division, anticipates that all counties and municipalities will be able to submit all documents pursuant to receiving state fire funds electronically by the end of 2003, greatly increasing the degree of accuracy for accountability and reducing necessary processing time.

All fire departments receiving any portion of the funds provided through these state fire rebate funds are required to report their activities on forms provided by the State Fire Coordinator. In 1994 the leadership of Mississippi's fire service community requested that the Division develop a uniform fire incident report to collect incident information. The Division currently tracks nearly 130,000 responses, an increase of over 50,000 since 1988.

In 1995 the Division developed a Fire Department Incident Report utilizing infrared scan technology. Training materials were developed and provided to departments interested in adopting this new method. By 1997, only 30 percent of the state's 750 fire departments utilized this system. The incident data collected through this system was based on an early version of a national uniform incident reporting system developed by the United States Fire Administration (USFA).

Early versions were complex and not well received. The system was revised in 1999 to meet the demands and needs for an all-incident electronic reporting system. A comprehensive plan for the development and implementation of this new system began in fiscal year 2000. By spring 2002, the Division had trained the 82 County Fire Coordinators to be local trainers and administrators of this system. By the end of 2001, 150 fire departments implemented this new system for meeting the state's compliance reporting requirement, contributing over 12,000 incidents. This marked the first time in the state's history that comprehensive information concerning fire incidents had been collected. Studies show fire protection is achieved through a series of coordinated decisions in categories such as design, construction or manufacture, purchase, installation, maintenance, education, and responses to emergencies. Every decision is only as good as the information it was based upon. Every act of fire protection stands to benefit from better sources of information and better methods of data collection and analysis. This new system provides this information.

Training was developed and provided to all County Fire Coordinators to give them the tools necessary to interpret this new information. As of December 31, 2002, 36 percent of the state's 767 reporting fire departments have adopted and implemented this new system for meeting the state's compliance reporting requirements pursuant to receiving state fire funds. By December 2003, it is expected that all departments will have made the transition to this new system.

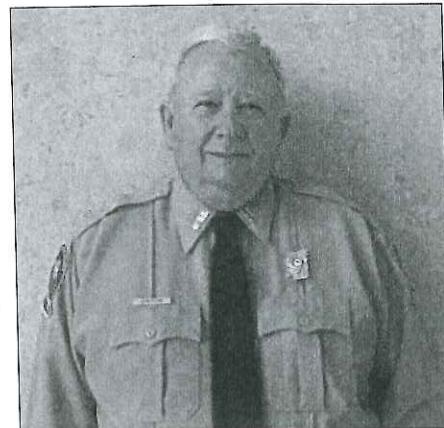

Additionally, the Division has added a new position to assist the Director/State Fire coordinator at the grass roots level. This individual will assist the Director and will be primarily responsible for providing technical support, planning, and training to the northern half of the state. It is vital to the mission of this Division to meet individually with each of the 82 County Fire Coordinators systematically.

The implementation of electronic reporting will greatly enhance the quality and accuracy of the data and reduce the cost, materials and time needed for processing and analysis.

Liquefied Compressed Gas Division

The Liquefied Compressed Gas Division is responsible for administering and enforcing the Liquefied Compressed Gas Equipment Inspection Law of Mississippi, Miss. Code Ann. § 75-57-1 et seq. The Division enforces laws and regulations that impact liquefied compressed gas, butane, propane and anhydrous ammonia. Seven liquefied compressed gas inspectors are employed by the Division to inspect locations where liquefied compressed gas is present.

Duties of the Division include:

Leon Boone, Director

- Establishing and enforcing liquefied compressed gas regulations pertaining to the safe use and handling of butane, propane and anhydrous ammonia.
- Issuing permits to retail dealers, wholesalers, transporters and distributors, and service technicians of propane.
- Investigating accidents, upon request, to determine the involvement of liquefied compressed gas.
- Inspecting premises that store, sell, refine, compound or blend liquefied compressed gas.
- Conducting safety training schools for liquefied compressed gas dealers and their employees.
- Testing and certifying liquefied compressed gas installers and propane delivery drivers.
- Conducting annual reviews on all liquefied compressed gas locations.

Activities of the Division for 2002 included the following:

• Installation reports received	28,715
• Installations inspected	4,809
• Installations disapproved	218

• Schools, churches, public places inspected	342
• Bulk storage plants inspected	295
• Bob tail trucks inspected	418
• Annual reviews conducted	171
• Installers and drivers tested and approved	194
• Participation in safety and training meetings	260
• Accidents investigated	20

The State Liquefied Compressed Gas Board was created pursuant to Miss. Code Ann., δ 75-57-101, and is composed of seven members appointed by the Commissioner of Insurance. The Board is vested with the power to regulate matters pertaining to liquefied compressed gas, subject to the oversight and approval of the Commissioner. The Board also is empowered with promoting the growth and development of the propane industry in Mississippi through the Propane Education and Research program.
Miss. Code Ann., δ 75-57-119.

The Division Investigated 20 liquefied compressed gas accidents in 2002.

State Fire Academy (sub-agency)

William (Bill) Warren, Executive Director

The Mississippi State Fire Academy, created pursuant to Miss. Code Ann. § 45-11-7, is responsible for serving the Mississippi fire service community, continuously improving fire protection through the use of effective education and technology programs, including a wide range of specialized fire service courses. On February 1, 1992, Commissioner Dale appointed William (Bill) Warren as Executive Director of the State Fire Academy. Fire safety and fire investigation courses are delivered statewide. The Academy's belief is that each municipal, county, and industrial fire protection individual is essential to the successful functioning of their team. The Academy provides technical support for fire departments and assists in providing public fire safety education training programs.

Accomplishments of the Fire Academy for calendar year 2002 are summarized as follows:

- Total Students: 15,433
- Total Hours: 267,575
- Total Fees: \$819,612

Certification Division:

- Delivered courses to 1,674 students.
- Delivered courses totaling 86,371 training hours.
- Generated \$286,754 in course fees.
- Training programs reached 47.3 percent of Mississippi career fire fighters.
- Delivered 24 programs that serve as the basis for personnel promotions and career development within career fire departments.
- Delivered training programs based on National Fire Protection Association standards to career and volunteer fire fighters.
- Represented Mississippi at the International Fire Service Accreditation Congress (IFSAC).

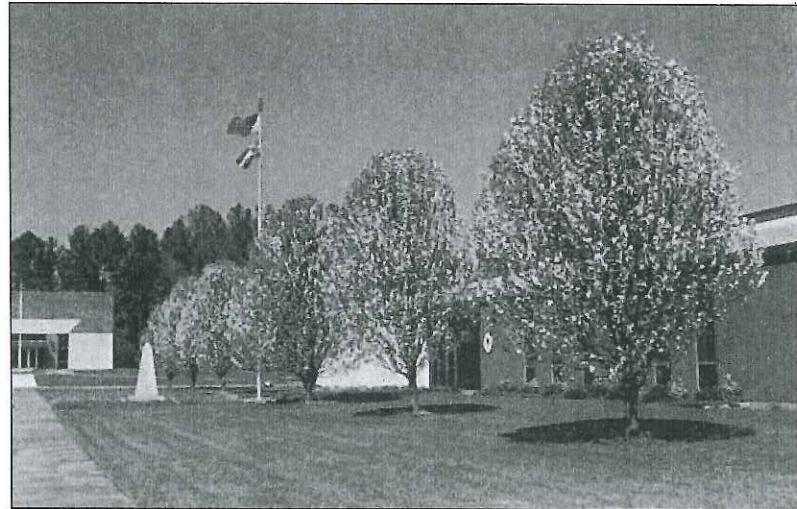

Industrial/Special Division:

- Delivered courses to 3,997 students.
- Trained students totaling 69,474 hours
- Generated \$443,438 of agency course fees

- Utilized approximately \$175,000 in federal grant funding to providing training courses in hazardous materials and rescue disciplines.
- Received two 1,000 gallon-per-minute capacity fire trucks to be utilized in tactical fire training from an industrial client. Continued providing Hazardous Materials Technician training to the State of Kansas, with 225 personnel trained to date.
- Updated hazardous materials and rescue programs, both resident and non-resident.
- Supported MEMA training efforts to reach fire responders throughout the State.
- Trained Department of Health emergency response personnel to Hazmat Technician level.

Extension Services Division:

- Delivered courses to 9,762 students.
- Trained students totaling 111,730 hours.
- Generated \$89,420 of agency course fees.
- Division was responsible for the delivery of 534 courses taught in the State.
- Certified 595 volunteer fire fighters to the level of Certified Volunteer Fire Fighter.
- A new course, Airport Fire Fighter, NFPA 1003, was delivered twice with 42 students attending from across the United States. The course was accredited by the International Fire Service Accreditation Congress (IFSAC).
- Aircraft Rescue & Fire Fighting (ARFF) classes have resulted in students from several states attending the Academy for annual training. States included are: Mississippi, Alabama, Arizona, Arkansas, Florida, Kansas, and Tennessee.
